

# TESTIMONIALS

## *C&C Design Studio*

"Switching to OSP for our dance schools was the best decision we've ever made. We sell more because the shopping cart is more intuitive and we save a ton because there's no commission. Plus the orders are automatically fulfilled by the lab so there's no work."

## *Nouveau Photeau*

"We started working with ACI 2 years ago after being with the same lab for over 30 years. They did everything they could to help make the transition a very smooth one. One of the first things they did, and one of the deciding factors in our ultimately choosing ACI, was to introduce us to OrderSchoolPix (OSP). We fell in love with the whole program right away and then they started adding new features to it. The staff at ACI is great at supporting OSP. Try it, you'll like it!"
