All of our books and albums are individually handmade, one album at a time. Because leather is a natural product there may be natural blemishes; these should not be misconstrued as flaws as this is what makes each item beautiful and unique. Dying leathers is also a hand process; due to the nature of this treatment, leather shades can vary slightly.

THE TRIO COVER

ALLURE, BRILLIANT, METALLIC, NATURAL, VINTAGE FLORA,
HORNBACK ITALIA, OPIUM, AND SHIMMER CRUSH

The Trio features our finest leathers and is built in a 3-piece structure. The exterior soft spine allows for a large range of sizes and spreads. There are over 45 leathers to choose from!

This structure also allows you to mix-and-match a few of the material options. Try a photo canvas cover with a Brilliant or Natural spine and back. Pair Brilliants with Brilliants, Naturals with Naturals, and a few more of our recommended cover combinations.

Other options include padded or non-padded covers, gilding, thin or thick pages, and square or round corners. Embossing and Imprinting are available as well on specific materials. Blind Embossing does not show well on these leathers; we recommend picking a color to emboss with.

THE CAMEO COVER

ALLURE, BRILLIANT, METALLIC, AND NATURAL

Cameo covers are available as a Metal Cameo or a Dome Cameo. Both begin with your image printed on a White Base Metal. Add on a clear, protective resin “Dome” over the image to create a slightly magnified look. To finish the cover, each image is laid into a custom cut insert, creating a beautiful finished look on a 3-piece structured album.

Options include embossing, gilding, thin or thick pages, and square or round corners. Blind Embossing does not show well on these leathers; we recommend picking a color to emboss with.

PAPER OPTIONS

We offer two types of page thickness: thick or thin. To ensure that your album looks the best, we require a minimum of 5 spreads for thick pages and thin pages. We also give you a variety of paper choices and add-on options. Our paper types include Watercolor, Linen, Standard, Metallic, and Vintage Silk.

Watercolor and Linen press papers give a beautiful Fine Art appeal to your albums. Add HD 6-Color Upgrade to these albums to give greater detail, more depth, and smoother transitions in color to the print. Given the nature of these particular paper types, prints tend to be slightly darker than a photographic print.

Pricing is based per spread. All albums have a 5 spread minimum with a varying amount of maximum spreads based on cover choice. The pricing does not include the album cover; cover prices vary based on style.

Set up a solid color, create your own logo endsheet, or utilize them as additional spreads in your album. It's like getting two free spreads when you use the custom end sheets!

MEMORY BOOKS

Memory Books start on a single right hand page and end on a single left hand page. These books are available in vertical, horizontal, and square formats with a 20 page minimum and 70 page maximum. Hinged Memory Books allow the pages to lay flat. If your book has mostly spreads, this is the option to choose. Non-Hinged Memory Books are a magazine style book, which does not lay flat. We offer several cover types including Soft Cover, Photo Wrap, Linen, Art Cloth, and a few choice leathers. Also, there are many template options for pages and covers. To wrap it all up, add page gilding and embossing to your cover.
